From the very first tablet... to the next tablet.

Technology changes so fast in the modern world, don't let our children fall behind. If our kids are the future, we need to provide them the tools needed to get ahead.

**Vote YES on SD2 Bonds and Levies**

 Elementary Building Reserve Levy
$1,000,000
$100,000 market value homeowner would pay $0.36 per month

 High School Building Reserve Levy
$1,000,000
$100,000 market value homeowner would pay $0.36 per month

 Elementary District Operational Levy
$884,790
$100,000 market value homeowner would pay $0.52 per month

 High School District Operational Levy
$115,716
$100,000 market value homeowner would pay $0.62 per month

WE BUILD APPLE LABS:
for their history of better ROI (return on investment)
The hardware and technology lasts longer than average.

This would allocate funds equal to $72.31 in available technology to every elementary student in all K-8 schools.

We believe this would allow PTA’s to focus on playgrounds instead of technology.

Elementary **QAZB and QECB Bonds**
