BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MONTANA:

Section 1. Creation of online motor vehicle liability insurance verification system. (1) The department, in cooperation with the commissioner of insurance, shall establish an accessible common carrier-based motor vehicle insurance verification system to verify the compliance of a motor vehicle owner or
operator with motor vehicle liability policy requirements under 61-6-103, 61-6-301, and 61-6-302 and facilitate or monitor proof of financial responsibility filings under 61-6-133 and 61-6-134.

(2) The department may contract with a private vendor or vendors to establish and maintain the system.

(3) The system must:
   (a) send requests to insurers for verification of motor vehicle liability insurance using electronic services established by the insurers, through the internet, world wide web, or a similar proprietary or common carrier electronic system in compliance with the specifications and standards of the insurance industry committee on motor vehicle administration and other applicable industry standards;
   (b) include appropriate provisions to secure its data against unauthorized access and to maintain a record of all requests and responses;

   (d) interface, wherever possible, with existing department and law enforcement systems;
   (e) receive insurance data file transfers from insurers under specifications and standards set forth in subsection (3)(a) to identify vehicles that are not covered by an insurance policy;
   (f) provide a means by which low-volume insurers that are unable to deploy an online interface with the system can report insurance policy data to the department or its designee for inclusion in the system;
   (g) provide a means to track separately or distinguish motor vehicles that are subject to a certificate of self-insurance under 61-6-143, a surety or indemnity bond under 61-6-137 or 61-6-301, or a deposit of cash or securities under 61-6-138;
   (h) be available 24 hours a day, 7 days a week, subject to reasonable allowances for scheduled maintenance or temporary system failures, to verify the insurance status of any vehicle in a manner prescribed by the department; and
   (i) be installed and operational no later than July 1, 2011, following an appropriate testing period of not less than 6 months.

(4) The provisions of Title 2, chapter 6, parts 1 and 2, do not apply to the information contained in the verification system.

(5) Every insurer shall cooperate with the department in establishing and maintaining the system and shall provide access to motor vehicle liability policy status information to verify liability coverage for:
(a) a vehicle insured by that company that is registered in this state; and

(b) if available, for a vehicle that is insured by that company or that is operated in this state and that is the subject of an accident investigation regardless of where the vehicle is registered.

Section 2. Law enforcement use of verification system. (1) Notwithstanding the requirements of 61-6-302, a peace officer or authorized employee of a law enforcement agency may, during the course of a traffic stop or accident investigation, access the verification system provided under [section 1] to verify whether a motor vehicle is covered by a valid motor vehicle liability policy that meets the requirements of 61-6-103 and 61-6-301.

(2) (a) Except as provided in subsection (2)(b), the response received from the system supersedes an insurance card produced by a vehicle owner or operator, and notwithstanding the display of an insurance card by the owner or operator, the peace officer may issue a complaint and notice to appear to the owner or operator for a violation of 61-6-301 or 61-6-302.

(b) Subsection (2)(a) does not apply if the vehicle is:

(i) covered under a commercial automobile insurance coverage policy;

(ii) part of a self-insured fleet as provided in 61-6-143; or

(iii) included in an insurance binder, as allowed by 33-15-411, that has not been entered into the system at the time the system is accessed under subsection (1) of this section.

(3) Except upon reasonable cause to believe that a driver has violated another traffic regulation or that the driver’s vehicle is unsafe or not equipped as required by law, a peace officer may not use the verification system to stop a driver for operating a motor vehicle in violation of 61-6-301.

Section 3. Vehicle insurance verification and license plate operating account. (1) There is a vehicle insurance verification and license plate operating account in the state special revenue fund type as provided in 17-2-102.

(3) The money in the vehicle insurance verification and license plate operating account must be used by the department to pay costs incurred in or associated with the operation, maintenance, and enhancement of the online motor vehicle liability insurance verification system established under [section 1] and the contract
required in [section 4] for the manufacture and distribution of license plates by Montana correctional enterprises.

**Section 4. Manufacture and distribution of license plates.** (1) The department shall contract with Montana correctional enterprises for the manufacture, inventory control, storage, and distribution of all license plates issued under this chapter.

(2) The contract must include provisions for payment to Montana correctional enterprises after license plates are shipped to the department, the office of a county treasurer, or a vehicle owner, as directed by the department or at the request of a vehicle owner.

(3) The contract must require Montana correctional enterprises to provide the necessary interface to support the automated ordering of license plates by the department or as directed by the department and to acquire and use readability software to assess any new plate design or manufactured plate and, if requested by the department, any previously issued license plates.

**Section 5. Montana correctional enterprises license plate production operating account.** (1) There is a license plate production operating account of the internal service fund type, as provided in 17-2-102.

(2) All payments received by the Montana correctional enterprises program under a contract related to the manufacture of license plates or fees paid under 61-3-478 must be deposited in the account.

(2) Disclosure may be made with the written authorization of the individual. The authorization must be in the form provided in 33-19-206.

(3) Disclosure limited to that which is reasonably necessary may be made to a person to enable the person to provide information to the disclosing licensee for the purpose of detecting or preventing criminal activity, fraud, material misrepresentation, or material nondisclosure in connection with an insurance transaction. A person
to whom information is disclosed pursuant to this subsection shall agree in writing not to further disclose the information, but this requirement for an agreement does not prevent disclosure of information that is necessary to obtain further information for the purposes set forth in this subsection.

(4) (a) Disclosure may be made between licensees if the information disclosed is limited to that which is reasonably necessary:

(i) to detect or prevent criminal activity, fraud, material misrepresentation, or material nondisclosure in connection with insurance transactions; or

(ii) for either the disclosing or receiving licensee to perform its insurance function.

(b) A licensee receiving information pursuant to this subsection (4) may not further disclose the information unless otherwise permitted by this section.

(5) Disclosure may be made to a medical care institution, a medical professional, or the individual to whom the information pertains if that information is reasonably necessary for the following purposes:

(a) verifying insurance coverage or benefits;

(b) informing an individual of a medical problem of which the individual may not be aware;

(c) conducting an operations or services audit; or

(d) determining the reasonableness or necessity of medical services.

(6) Disclosure:

(a) may be made to an insurance regulatory authority;

(b) must be made as required by law; and

(c) must be or may be made to the commissioner as required or permitted by law.

(7) Disclosure may be made by a licensee or an insurance-support organization to a law enforcement or other government authority or to an insurance regulatory agency:

(a) to protect the interests of a licensee in preventing, investigating, or prosecuting the perpetration of fraud upon a licensee; or

(b) if the licensee or insurance-support organization reasonably believes that illegal activities have been conducted by the individual; or

(c) as provided in [section 1].

(8) Disclosure that is limited to that which is reasonably necessary may be made as otherwise permitted or required by law.
(9) Disclosure that is limited to that which is reasonably necessary may be made in response to a facially valid administrative or judicial order, including a search warrant or subpoena.

(10) (a) Except as provided in subsection (10)(b), disclosure that is limited to that which is reasonably necessary may be made for the purpose of conducting actuarial or research studies if:
   (i) an individual is not identified in any actuarial or research report;
   (ii) materials allowing the individual to be identified are returned or destroyed as soon as they are no longer needed; and
   (iii) the actuarial or research organization agrees not to further disclose the information without the individual's separate, written authorization.

   (b) Disclosure of information may be made for:
   (i) health research that is subject to the approval of an institutional review board and the requirements of federal law and regulations governing biomedical research; or
   (ii) epidemiological or drug therapy outcomes research that requires information that has been made anonymous to protect the identity of the patient through coding or encryption.

(11) Disclosure may be made to a party or a representative of a party to a proposed sale, transfer, merger, or consolidation of all or part of the business of the licensee or insurance-support organization if:
   (a) prior to the consummation of the sale, transfer, merger, or consolidation only information is disclosed that is reasonably necessary to enable the recipient to make business decisions about the purchase, transfer, merger, or consolidation is disclosed; and
   (b) the recipient agrees not to further disclose the information without the individual's separate, written authorization.

(12) (a) Disclosure that is limited to that which is reasonably necessary may be made to a licensee's affiliate as follows:
   (i) to allow use of the information in connection with an audit of the licensee;
   (ii) to enable a licensee to perform an insurance function; or
   (iii) as allowed by 33-19-307.

   (b) A licensee disclosing pursuant to this section must have a written agreement with the affiliate that the affiliate will not use or further disclose information received except to carry out the purposes set forth in subsection (12)(a) and that if further disclosure is necessary to meet those purposes, the disclosure will be made
only to the licensee or to a person who agrees in writing to be bound by the same prohibition on use and disclosure. A disclosure allowed by 33-19-307 is governed by that section.

(13) Disclosure that is limited to that which is reasonably necessary may be made to an insurance-support organization to perform insurance-support services for the licensee. The insurance-support organization may redisclose the information to the extent necessary to provide its services to its member or subscriber licensees and other insurance-support organizations or as otherwise permitted by law, but not for a marketing purpose.

(14) Disclosure may be made to a group policyholder for the purpose of reporting claims experience or conducting an audit of the licensee's operations or services if the information disclosed is reasonably necessary for the group policyholder to conduct the review or audit and the group policyholder agrees not to further disclose the information without the individual's separate, written authorization. Medical record information disclosed pursuant to this subsection must be edited to prevent the identification of the applicant, policyholder, or certificate holder. Employer audits that are required by the Employee Retirement Income Security Act of 1974, 29 U.S.C. 1001, et seq., as amended, are not subject to the provisions of this subsection.

(17) Disclosure that is limited to that which is reasonably necessary may be made to a certificate holder or policyholder for the purpose of providing information regarding the status of an insurance transaction. Disclosure pursuant to this subsection may not be made to a group policyholder without a separate, written authorization from the individual.

(18) Disclosure may be made to a person contractually engaged to provide services to enable a licensee to perform an insurance function, or to perform an insurance function on behalf of a licensee, if the person agrees in writing that the person will not use or further disclose information obtained or developed pursuant to the engagement except to carry out the limited purpose of the engagement and that if further disclosure is necessary
to perform the insurance function, that disclosure will be made only to the licensee or to a person who agrees in writing to be bound by the same prohibitions on use and disclosure.

(19) If a licensee has to disclose personal or privileged information in order to perform an insurance function and disclosure is not permitted under another exception in this section, disclosure may be made to a person other than a licensee if the disclosure is limited to that which is reasonably necessary to enable the person to perform services or an insurance function for the disclosing licensee and if the person is notified by the licensee that the person is prohibited from:

(a) using the information other than to carry out the limited purpose for which the information is disclosed; and

(b) disclosing the information other than to the licensee and as allowed in subsection (3).

(20) Disclosure may be made to a lienholder, mortgagee, assignee, lessor, or other person shown on the records of an insurance institution or insurance producer as having a legal interest in a policy of insurance if:

(a) medical record information is not disclosed; and

(b) the information disclosed is limited to that which is reasonably necessary to permit the person with a legal interest in the policy to protect that person's interests in that policy.

(21) Disclosure may be made to provide information to insurance rate advisory organizations, guaranty funds or agencies, agencies that are rating a licensee, persons that are assessing the licensee's compliance with industry standards, and the licensee's attorneys, accountants, and auditors if the disclosure is limited to that which is reasonably necessary to enable the person or entity to perform services or an insurance function for the disclosing licensee and if the person or entity is notified by the licensee that the person or entity is prohibited from using the information, other than to carry out the limited purpose for which the information is disclosed.

(22) Notwithstanding any other provision of this chapter, disclosure for a marketing purpose may be made only as allowed by 33-19-307.

(23) Nothing in this section may not be construed to prevent the disclosure of personal information that is otherwise discoverable pursuant to the Montana Rules of Civil Procedure.

(24) The commissioner may adopt rules creating additional exceptions to disclosure restrictions for the purpose of allowing a licensee or insurance-support organization to carry out a necessary insurance function. The commissioner shall adopt rules establishing the methods that must be used by licensees to prevent
identification as described in subsection (14)."

(b) a clearly visible location on the rear of a trailer, semitrailer, pole trailer, or travel trailer."

Section 8. Section 61-3-303, MCA, is amended to read:

"61-3-303. Original registration -- process -- fees. (1) Except as provided in 61-3-324, a Montana resident who owns a motor vehicle, trailer, semitrailer, or pole trailer operated or driven upon the public highways of this state shall register the motor vehicle, trailer, semitrailer, or pole trailer in the office of the county treasurer in the county where the owner is domiciled.

(2) Except as provided in subsection (3) and subsection (11), the county treasurer shall register any vehicle for which:

(3) (a) A county treasurer may register a motor vehicle, trailer, semitrailer, or pole trailer for which a certificate of title and registration were issued in another jurisdiction and for which registration is required under 61-3-701 after the county treasurer examines the current out-of-jurisdiction registration certificate or receipt and receives payment of the fees required in 61-3-701. The county treasurer may ask the motor vehicle, trailer, semitrailer, or pole trailer owner to provide additional information, prescribed by the department, to ensure that the electronic record of registration maintained by the department is complete.

(b) A county treasurer may register a motor vehicle, trailer, semitrailer, or pole trailer for which the new owner cannot, due to circumstances beyond the new owner's control, surrender a previously assigned certificate of title. The new owner may submit an application for certificate of title, subject to the registration renewal limitations of 61-3-312.

(4) Upon registering a motor vehicle, trailer, semitrailer, or pole trailer for the first time in this state, the
county treasurer shall:

(c) a donation of $1 or more if the person indicates that the person wishes to donate to promote education on, support for, and awareness of traumatic brain injury.

(6) The county treasurer may not issue a registration receipt or license plates for the motor vehicle, trailer, semitrailer, or pole trailer to the owner unless the owner makes the payments required by subsection (5).

(7) The department may make full and complete investigation of the registration status of the motor vehicle, trailer, semitrailer, or pole trailer. A person seeking to register a motor vehicle, trailer, semitrailer, or pole trailer under this section shall provide additional information to support the registration to the department if
(8) Revenue that accrues from the voluntary donation provided in subsection (5)(b) must be forwarded by the respective county treasurer to the department of revenue for deposit in the state special revenue fund to the credit of an account established by the department of public health and human services to support activities related to awareness and education efforts for procurement of organ and tissue donations for anatomical gifts.

Once registered, a travel trailer, motorcycle, quadricycle, trailer, semitrailer, or pole trailer is registered permanently unless ownership is transferred.

(b) Whenever ownership of a travel trailer, motorcycle, quadricycle, trailer, semitrailer, or pole trailer is transferred, the new owner is required to register the travel trailer, motorcycle, quadricycle, trailer, semitrailer, or pole trailer as if it were being registered for the first time, including paying all of the required fees in lieu of tax, taxes, and fees.

(10) Revenue that accrues from the voluntary donation provided in subsection (5)(c) must be forwarded by the respective county treasurer to the department of revenue for deposit in the state special revenue fund to the credit of the account established in 2-15-2218 to support activities related to education regarding prevention of traumatic brain injury.

(11) Beginning July 1, 2011, the county treasurer shall use the online motor vehicle liability insurance verification system provided in [section 1] to verify that the vehicle owner has complied with the requirements of 61-6-301. Unless the verification system is temporarily unavailable, the county treasurer may not issue license plates to a motor vehicle when compliance with 61-6-301 cannot be verified."

(4) Beginning July 1, 2011, and except when the verification system is temporarily unavailable, a registration may not be renewed when compliance with 61-6-301 cannot be determined using the verification system.

(5) Except as provided in 61-3-315, the registration period originally assigned under 61-3-311 must be retained and the duration of the renewed registration is determined in accordance with 61-3-311. A registration receipt is valid for the registration period for which it is issued.

(6) The owner of a motor vehicle subject to registration renewal under the provisions of this section is considered to have renewed the motor vehicle’s registration in a timely manner if the owner submits full payment for the required fees or taxes, as prescribed in the mail renewal notice from the department, to the department, an authorized agent, or a county treasurer on or before the last day of the month of the motor vehicle’s registration period and if, beginning July 1, 2011, the department, authorized agent, or county treasurer determines the owner is in compliance with 61-6-301 using the verification system provided in [section 1].

(2) simultaneous registration of multiple motor vehicles that have common ownership;

(3) verification of compliance with 61-6-301 before registering or renewing a registration of a vehicle or issuing new license plates required by 61-3-332(3);

(4) automated mailing of license plates by the department or its authorized agent, including an agent under contract with the department pursuant to [section 4]; and

(5) devising a method to place license plates that are issued on or before January 1, 2010, and renewed on or after January 1, 2010, on the 5-year reissuance cycle in a manner that minimizes production peaks and valleys."

Section 11. Section 61-3-321, MCA, is amended to read:

(8) (a) Except as provided in subsection (14), the one-time registration fee for motorcycles and quadricycles registered for use on public highways is $53.25, and the one-time registration fee for motorcycles and quadricycles registered for both off-road use and for use on the public highways is $114.50.
   (b) An additional fee of $16 must be collected for the registration of each motorcycle or quadricycle as a safety fee, which must be deposited in the state motorcycle safety account provided for in 20-25-1002.

The $5 fee imposed under this subsection does not apply when previously issued license plates are transferred under 61-3-335. All registration fees imposed under this section must be paid if the vehicle to which the plates are transferred is not currently registered.

(b) Until January 1, 2015, an additional fee of $15 must be collected if a vehicle owner elects to keep the same license plate number from license plates issued on or after January 1, 2006, but before January 1, 2010, when replacement of those plates is required under 61-3-332(3).

(c) The fees imposed in this subsection (12) must be deposited in the account established under [section 3], except $2 of the fee imposed in subsection (12)(a) must be deposited in the state general fund.

(13) The provisions of this part with respect to the payment of registration fees do not apply to and are not binding upon motor vehicles, trailers, semitrailers, snowmobiles, watercraft, or tractors owned or controlled by the United States of America or any state, county, city, or special district, as defined in 18-8-202, or to a vehicle or vessel that meets the description of property exempt from taxation under 15-6-201(1)(a), (1)(c), (1)(d), (1)(e), (1)(f), (1)(g), (1)(i), (1)(j), (1)(l), or (1)(m), 15-6-203, or 15-6-215, except as provided in 61-3-520.

(15) A person eligible for a waiver under 61-3-460 is exempt from the fees required under this section.

(16) Except as otherwise provided in this section, revenue collected under this section must be deposited in the state general fund.

(17) The fees imposed by subsections (2) through (11) are not required to be paid by a dealer for the enumerated vehicles or vessels that constitute inventory of the dealership.

(18) (a) Unless a person exercises the option in subsection (18)(b), an additional fee of $4 must be collected for each light vehicle registered under this part. This fee must be accounted for and transmitted separately from the registration fee. The fee must be deposited in an account in the state special revenue fund to be used for state parks, for fishing access sites, and for the operation of state-owned facilities. Section 12. Section 61-3-332, MCA, is amended to read:

"61-3-332. Standard license plates. (1) In addition to special license plates, collegiate license plates, generic specialty license plates, and fleet license plates authorized under this chapter, a separate series of standard license plates must be issued for motor vehicles, quadricycles, travel trailers, trailers, semitrailers, and pole trailers registered in this state or offered for sale by a vehicle dealer licensed in this state. Standard license plates issued to licensed vehicle dealers must be readily distinguishable from license plates issued to vehicles owned by other persons.

(2) (a) Except as provided in 61-3-479 and subsections (2)(b), (3)(b), and (3)(c) of this section, all
standard license plates for motor vehicles, trailers, semitrailers, or pole trailers must bear a distinctive marking, as determined by the department, and be furnished by the department. In years when standard license plates are not issued, reissued for a vehicle, the department shall provide a registration decal that must be affixed to the rear license plate of the vehicle.

(b) For light vehicles that are permanently registered as provided in 61-3-562 and motor vehicles described in 61-3-303(9) that are permanently registered, the department shall provide a distinctive registration decal indicating that the motor vehicle is permanently registered. The registration decal must be affixed to the rear license plate of the permanently registered motor vehicle.

(c) For a travel trailer, motorcycle, quadricycle, trailer, semitrailer, or pole trailer that is permanently registered as provided in 61-3-313(2), the department may use the word or an abbreviation for the word "permanent" on the plate in lieu of issuing a registration decal for the plate.

(3) (a) (i) Beginning January 1, 2010, and every 4 or 5 years after that date, the department shall manufacture and issue new design standard license plates to replace previously issued standard license plates upon renewal. For the purposes of this subsection (3), all military, veteran, and amateur radio license plates and any license plate with a wheelchair design, excluding collegiate or generic specialty plates with a wheelchair design, are treated as standard license plates.

(ii) License plates issued on or after January 1, 2010, must be replaced with the most recent design of standard license plates or a new replacement collegiate or generic specialty license plate if, upon renewal of registration under 61-3-332, the license plates are 5 or more years old or will become older than 5 years during the registration period.

(iii) License plates issued on or before January 1, 2010, must be replaced with the most recent design of standard license plates or a new replacement collegiate or generic specialty license plate in accordance with the implementation schedule adopted by the department under 61-3-315. Until January 1, 2015, and upon payment of the fee required in 61-3-321(12)(b), a vehicle owner may elect to keep the same license plate number from license plates issued on or after January 1, 2006, but before January 1, 2010, when replacement of those plates is required under this subsection.

(b) A motor vehicle that is registered for a 13-month to a 24-month period, as provided in 61-3-311, may display the license plate and plate design in effect at the time of registration for the entire registration period.

(c) A light vehicle described in subsection (2)(b) described in subsection (2)(b) or a motor home that is
permanently registered may display the license plate and plate design in effect at the time of registration for the entire period that the light vehicle or motor home is permanently registered.

(d) The provisions of this subsection (3) do not apply to a travel trailer, motorcycle, quadricycle, trailer, semitrailer, or pole trailer.

(e) The requirements of this subsection (3) apply to collegiate license plates authorized under 61-3-461 through 61-3-468, generic specialty license plates authorized under 61-3-472 through 61-3-481, commemorative centennial license plates authorized under 61-3-448, and special military or veteran license plates authorized under 61-3-458.

(4) For trailers and motor vehicles, other than motorcycles and quadricycles, plates must be of metal 6 inches wide and 12 inches in length. Except for generic specialty license plates, the outline of the state of Montana must be used as a distinctive border on all license plates, and the word "Montana" must be placed on each license plate. All license plates must be treated with a reflectorized background material according to specifications prescribed by the department.

(5) The distinctive registration numbers for standard license plates must begin with a number one or with a letter-number combination, such as "A 1" or "AA 1", or any other similar combination of letters and numbers. Except for special license plates, collegiate license plates, generic specialty license plates, and fleet license plates, the distinctive registration number or letter-number combination assigned to the motor vehicle must appear on the plate preceded by the number of the county and appearing in horizontal order on the same horizontal baseline. The county number must be separated from the distinctive registration number by a separation mark unless a letter-number combination is used. The dimensions of the numerals and letters must be determined by the department, and all county and registration numbers must be of equal height.

(6) For the use of exempt motor vehicles, trailers, semitrailers, or pole trailers and motor vehicles, trailers, semitrailers, or pole trailers that are exempt from the registration fee as provided in 61-3-321, in addition to the markings provided in this section, standard license plates must bear the following distinctive markings:

(a) For motor vehicles, trailers, semitrailers, or pole trailers owned by the state, the department may designate the prefix number for the various state departments. All numbered plates issued to state departments must bear the words "State Owned", and a year number may not be indicated on the plates because these
numbered plates are of a permanent nature and will be replaced by the department only when the physical condition of numbered plates requires it.

(b) For motor vehicles, trailers, semitrailers, or pole trailers that are owned by the counties, municipalities, and special districts, as defined in 18-8-202, organized under the laws of Montana and not operating for profit, and that are used and operated by officials and employees in the line of duty and for motor vehicles on loan from the United States government or the state of Montana to, or owned by, the civil air patrol and used and operated by officials and employees in the line of duty, there must be placed on the standard license plates assigned, in a position that the department may designate, the letter "X" or the word "EXEMPT". Distinctive registration numbers for plates assigned to motor vehicles, trailers, semitrailers, or pole trailers of each of the counties in the state and those of the municipalities and special districts that obtain plates within each county must begin with number one and be numbered consecutively. Because these standard license plates are of a permanent nature, they are subject to replacement by the department only when the physical condition of the license plates requires it and a year number may not be displayed on the plates.

(7) For the purpose of this chapter, the several counties of the state are assigned numbers as follows:
Silver Bow, 1; Cascade, 2; Yellowstone, 3; Missoula, 4; Lewis and Clark, 5; Gallatin, 6; Flathead, 7; Fergus, 8; Powder River, 9; Carbon, 10; Phillips, 11; Hill, 12; Ravalli, 13; Custer, 14; Lake, 15; Dawson, 16; Roosevelt, 17; Beaverhead, 18; Chouteau, 19; Valley, 20; Toole, 21; Big Horn, 22; Musselshell, 23; Blaine, 24; Madison, 25; Pondera, 26; Richland, 27; Powell, 28; Rosebud, 29; Deer Lodge, 30; Teton, 31; Stillwater, 32; Treasure, 33; Sheridan, 34; Sanders, 35; Judith Basin, 36; Daniels, 37; Glacier, 38; Fallon, 39; Sweet Grass, 40; McCone, 41; Carter, 42; Broadwater, 43; Wheatland, 44; Prairie, 45; Granite, 46; Meagher, 47; Liberty, 48; Park, 49; Garfield, 50; Jefferson, 51; Wibaux, 52; Golden Valley, 53; Mineral, 54; Petroleum, 55; Lincoln, 56. Any new counties must be assigned numbers by the department as they are formed, beginning with the number 57.

(8) Each type of special license plate approved by the legislature, except collegiate license plates authorized in 61-3-463 and generic specialty license plates authorized in 61-3-472 through 61-3-481, must be a separate series of plates, numbered as provided in subsection (5), except that the county number must be replaced by a design that distinguishes each separate plate series. Unless otherwise specifically stated in this section, the special plates are subject to the same rules and laws as govern the issuance of standard license plates, must be placed or mounted on a motor vehicle, trailer, semitrailer, or pole trailer owned by the person who is eligible to receive them, with the registration decal affixed to the rear license plate of the motor vehicle, trailer,
semitrailer, or pole trailer, and must be removed upon sale or other disposition of the motor vehicle, trailer, semitrailer, or pole trailer.

(b) Beginning January 1, 2008, and every succeeding 4 years, the department shall manufacture and issue a new set of special license plates, bearing the same design and, if requested by the owner, the same plate number to replace, upon renewal of the registration of a motor vehicle under 61-3-314 and payment of the new plate fee provided for in 61-3-321, any special license plates issued prior to the prescribed date. This requirement applies to collegiate license plates authorized under 61-3-461 through 61-3-468, generic specialty license plates authorized under 61-3-472 through 61-3-481, and commemorative centennial license plates authorized under 61-3-448.

(9) (a) A Montana resident who is eligible to receive a special parking permit under 49-4-301 may, upon written application on a form prescribed by the department, be issued a special license plate with a design or decal bearing a representation of a wheelchair as the symbol of a person with a disability.

(b) If the motor vehicle to which the license plate is attached is permanently registered, the owner of the motor vehicle shall provide, upon request of a person authorized to enforce special parking laws or ordinances in this or any state, evidence of continued eligibility to use the license plate in the form of a valid special parking permit issued to or renewed by the vehicle owner under 49-4-304 and 49-4-305.

(c) A person with a permanent condition, as provided in 49-4-301(2)(b), who has been issued a special license plate upon written application, as provided in this subsection (9), is not required to reapply upon reregistration of the motor vehicle.

(10) The provisions of this section do not apply to a motor vehicle, trailer, semitrailer, or pole trailer that is registered as part of a fleet, as defined in 61-3-712, and that is subject to the provisions of 61-3-711 through 61-3-733."

Section 13. Section 61-3-333, MCA, is amended to read:

"61-3-333. Replacing license plates or decals. payment of a fee of $5 $10.
